## Strengthening the Provision of Emergency Obstetric Care in Selected Provinces of Erzurum, Kars, Ağrı, Iğdır, Ardahan in Eastern Turkey (EmOC)

Specific objectives of the Program are; to increase capacity of EmOC staff in the 5 provinces to provide EmOC services as a team; to equip provincial, district and facility level managers with necessary knowledge and skills to provide and monitor quality EmOC services; to equip staff at district hospitals with necessary knowledge and skills to provide basic EmOC and first aid/referral services for EmOC; to reduce referral times between first aid, basic and comprehensive EmOC facility levels and also from client's home to EmOC facilities through improved transport services and referral mechanisms and to introduce The Rights Framework for Quality EmOC approach in all Comprehensive EmOC facilities.

## ISAG Project - Support to the Directorate General for Occupational Health and Safety of the Ministry of Labour and Social Security (MoLSS) and its Occupational Health and Safety Centre (ISGUM)

Objectives of the Program are; to develop and implement comprehensive and suitable training processes on Occupational Health Services (OHS) for managers and professionals at different levels as well as for researchers and experts related to the OHS, to develop and implement public awareness campaigns, evaluate their impact and train the stakeholders, to contribute to the strengthening of the co-operation among the related departments of the MoLSS and among the social partner institutions, to contribute to increased laboratory capacities in the field of OHS in Turkey in order to cover the necessary laboratory work for all branches of enterprises.
