IGEP Developing Action Plans for the Fight Against Urban Poverty

In the scope of the IGEP Project, which is financed by the European Union and being implemented by İstanbul, İzmir, Ankara and Bursa Metropolitan Municipalities with the technical assistance of the Consortium led by DeLeeuw International, "Urban Socioeconomic Integration and Strategic Action Planning" Conference was held in the İzmir Ege Palas Hotel on April, 8th-9th 2010.

Manchester United Manager, Sir Alex Ferguson Tops Off WYG's Healthcare Project

Manchester United Manager, Sir Alex Ferguson has led a topping out ceremony on one of WYG's major healthcare projects in the North West.

The Leeds-based company is providing civil and structural design, traffic and transportation and environmental consultancy services, on behalf of Balfour Beatty, on the £200 million project to redevelop Salford Royal Hospital. The topping out ceremony marks the completion of the new Hope Building superstructure.

Sir Alex Ferguson: "The much improved facilities will be of great benefit to the region and my congratulations go to everyone involved in getting to this stage of the development"

Andy Garland from WYG Engineering, said: "We are focused on providing high quality, high value services and this huge project is a great example of where we can optimise our skills across WYG to create the right solutions for our clients. Having such an iconic figure like Sir Alex to mark this significant milestone in the construction of the Hope Building is fantastic for everyone involved in the project."
